

City of Saskatoon, Saskatoon, SK

The City of Saskatoon is progressive in its approach to sustainability and environmental commitment. It has partnered with Roadmap 2020 to better manage energy and lower green house gas emissions, and has developed waste & recycling plan, corporate EMS (Environmental Management System), bicycle network plan, pilot water conservation plan and has specified LEED certification for the downtown Transit Terminal.

- IDI has worked with the city to upgrade their BMS control systems and developed a standard graphical interface. Facilities include the Cosmo Civic Centre, Harry Bailey Aquatic Centre, Lakewood Civic Centre, Lawson Civic Centre and the Field House
- IDI has provided energy audits and BMS upgrades including commissioning for Saskatoon Light and Power Electrical Operations Centre, Saskatoon City Hall and Credit Union Centre.
